THE ORION SERIES OIL BLENDS

Created to support your rapid transformation.

How to select which Orion Series blends to use

Ideally you will pick randomly from your collection of 24 blends. If you have only a few of them, you may still use them the same way. Allow a few drops to drip onto the palm of your hand, rub your hands together, (to warm the blend) and hold close to your face. Inhale with your nose. Then you may read the description and claim your healing. An alternate way to use these blends is to look at the descriptions and choose to inhale knowing the purpose of the blend.

How to apply and use the Orion Series blends

1. Gently shake 1-2 drops onto the palm of your hand.
2. Put your palms together as if in prayer. Rub your palms together to warm the blend.
3. Hold your hands close to your face without touching it, and inhale deeply. Move your hands away and exhale. Repeat breathing in the blend three times. If you have sensitive skin, take care not to touch your face with your hands as these are concentrated essential plant blends.
4. If there is oil left on the hands, put your right hand on top of your head and your left hand on the back of your neck at the base of your skull.
